September 9, 2020

Dear Thomaston Families,

On Wednesday, September 9, 2020 Thomaston Public Schools was approved to start feeding all children for free until December 31, 2020. This means that every child, whether they are learning from home or eating inside the building will receive a free breakfast and lunch; if they choose.

Each meal consists of a protein, a grain, fruit, vegetable, and milk. All other additions must still be paid for. Additional items include snacks, such as chips, water, juice, and ice cream, as well as additional breakfasts or lunches.

Free and reduced applications will continue to be processed regularly. This is to ensure that when universal free meals end in December, your child or children will be all set. If you are in need, the free and reduced application can be found on the Thomaston Public Schools website.

The free breakfast and lunches will start immediately on September 10, 2020. When looking at your child's account, you will not see any meal deductions. We are currently working with our software system so that in the future, even though your child will receive a free meal, you will be able to access their transaction histories on account.

Please continue to check your email regarding information for meals while they are distant learning.

If you have any questions regarding this matter, please reach out at 203-879-8145 or by email.

Sincerely,

Nicole Maxellon, MS

Food Services Director
