

Mrs. Dube's Supply List

Little Bears University

- A regular size child **backpack**. The backpack needs to be large enough to hold their bedding, lunch box, and other school belongings inside of it all at the same time. Your child will need to be able to put their belongings inside their backpack and zip it closed fairly independently.
- Your child will be wearing a mask during his/her school day. Please send in a child size fitted **mask** for your child. I am recommending that you send in a few extra masks to replace your child's mask when it becomes soiled. Please house the clean masks inside a small, labeled bag, as well as, provide a bag to for us send home masks which need to be cleaned. I would also recommend labeling your child's mask in case they take it off. Please see Thomaston Public Schools 2020-21 Reopening Plans for details about face coverings.)
- A **two-pocket plastic folder with prongs** for artwork and school-home communication. Please write your child's name on the outside of the folder.
- Please label your child's **lunch box** with his/her name. Staff will be able to help with opening containers, however, please consider containers that will allow your child to independently serve his/herself. It is helpful if containers are labeled as well.
- We do expect children will have accidents. Please send in a **change of clothes** (undergarments, socks, shirts, pants) in a gallon size Ziploc bag labeled clearly with their name. Please also keep **2 plastic grocery bags** inside this bag. They will be used to send home wet clothes. The bag will be sent home if your child uses a clothing item so you may replenish the bag and check sizes. Please label each item. If your child may need extra reminders to use the bathroom, please let us know. If your child has a few accidents a day, please send in enough clothing for them.
- **Fitted crib sheet and blanket** labeled clearly with their name for rest time. They will be sent home each Thursday, so parents can wash them. Please remember to return them on Friday. Please do not send in a sleeping bag as they do not stay on the cot.
- Please send in a **family photo** for our preschool family bulletin board. This helps create a welcoming, home-like environment.
- Please send in a **4x6 photo** of your child. This will be used to label their cubby space.
